## FIRST STEP TAKEN ON CITY BUILDING REMODELING PLAN

Council Definitely Decides at Meeting to do Away With Horse-Drawn Apparatus

TO BUY LIGHT FIRE TRUCK

Disposal of Hose Wagon And Horses Will Make Room For Police Department at City Hall

CARRIED OVER UNTIL DEC. 18

Chairman of Police Committee Reports Briefly on Arrangement to Move Police Into Room

The status of the police situation was little changed today, following the regular session of the city council Tuesday night, during which time the matter was taken up and discussed again, and definite action deferred until the next meeting night.

The police, in the meantime, are looking for a room than can be rented for headquarters, until the present city building can be remodeled so as to accommodate the various offices. The remodeling, however, will not be made until after the first of the year, when the councilmen last night decided definitely to purchase a light fire truck to replace the present horse-drawn vehicle.

The conference held Monday night between the police committee and the police force, which was mentioned in last night's Daily Republican, was presented to the entire council by O. C. Brann, chairman of the police committee, and after a discussion on the subject, a motion was made to carry it over until December 18.

Mayor Thomas does not favor the addition of another man to the force, while it is understood that the council sees no other way out of the situation except by the addition of a desk man, who will be on duty at the headquarters to answer calls. As the situation exists today, it is pointed out, the protection is worthless, as no one is on duty to receive telephone calls.

Among other business taken up at the council meeting was the reading of the ordinance regulating motor busses and placing a license upon them. The ordinance was placed on first reading, and is similar in substance to a previous ordinance that failed to materialize several months ago.

The ordinance defines certain streets that the busses can travel upon, making it unlawful for them to park more than 5 minutes at any location, and placing a city license fee graded upon the seating capacity of the bus. Cars defined as taxi-cabs, or service within the city, are exempt from the ordinance.

A further section which pertains to busses co-operating with steam or electric lines, makes it legal for the

A. G. Reeve of Indianapolis and formerly of this city, who is better known here as "Daddy" Reeve, won the distinction of being the first contributor to the fund, and Mayor Walter Thomas was second, with the purchase of a \$5.00 Health Bond.

The Rush County and the Rushville National banks were the two big contributors, each giving \$25.00 to the cause.

Mr. Reeve, who bought one hundred Christmas Seals, said that he still had the interest of Rushville first in his heart.

## PRESENT MEMBERSHIP WILL BE MAINTAINED

Reports From Rush County Farm Bureau Canvass Indicate This—Final Drive on Today

6 MEETINGS TUESDAY NIGHT

Reports coming into the county office of the Rush County Farm Bureau today indicated that the two-day membership campaign, which will close this evening will result in the county organization maintaining its present membership, if no increase is shown. Complete reports from all of the townships will not be available before Saturday, it is believed.

The farm-to-farm canvass was being made today in the remaining six townships—Rushville, Posey, Anderson, Wolker, Jackson and Noble, where meetings were held Tuesday night preliminary to the drive. Last night's meetings were at Webb school house, Sexton, Milroy, Homer, Arlington and New Salem.

The Farm Bureau workers from outside the county, who were assigned to the respective townships, spoke as originally assigned and today were assisting in the canvass, as they did Tuesday following the meetings Monday night in the first block of six townships to be covered. The bad weather served to cut the attendance at the township meetings, but it proved an aid to canvassers, who found most farmers at home.

Contributions to Near East Relief, as the result of the observance of Golden Rule Sunday, amounted to \$52.41 today, according to returns received by L. Link, who is acting as treasurer for the fund.

Since the report Tuesday, two small contributions of \$3.00 which was saved in the serving of a simple meal Sunday, have been made. There was also one of \$10.55 from the Rotary club, which amount was saved on Tuesday's weekly luncheon, which consisted of soup, pie and coffee.

## WAY TO FORCE OUT M'CRAY IS TOPIC

Republican State Chairman in Indianapolis Meeting Party Leaders to Decide on Course

THREE THINGS MAY RESULT

Special Session of Legislature Called Without Consent of Governor is One Possibility

(By United Press)

Indianapolis, Ind., Dec. 5.—Means of forcing Governor Warren T. McCray out of office, or at least making plain the attitude of the party toward him, were under discussion by Clyde A. Walb, republican state chairman, and other party leaders here today.

Out of this conference three things may result.

1—A special session of the legislature called without the consent of the governor for the purpose of instituting impeachment proceedings.

2—A demand for McCray's resignation by the state committee, republican members of the legislature, or both.

3—A delay until the Marion county indictments are disposed of or until federal authorities who are looking into McCray's affairs take some action.

Walb was in conference with members of a sub-committee of the state committee from the time he arrived in Indianapolis early this morning. Ewing Emison, Vincennes, and Stuart Fisher, of Princeton, were Walb's first visitors.

Fred Schortemeier, republican state secretary, and Raymond V. Morgan, speaker of the house, were also in conference with Walb.

Homer Elliott, United States district attorney, was another caller at Walb's headquarters in the Hotel Severin.

Walb refused to see newspaper men and said a statement would not be forthcoming today.

## ATTENDS DINNER FOR DR. SAMUEL E. SMITH

J. L. Cowing Guest at Rotary Function Honoring Retiring Head of Richmond Hospital

WELL KNOWN MEN PRAISE HIM

J. L. Cowing of this City, a trustee of the Eastern Indiana Hospital for the Insane, at Richmond, attended a dinner in honor of Dr. Samuel E. Smith, retiring superintendent of the institution, which was given by the Richmond Rotary club Tuesday evening. It was given in appreciation of years of faithful service by Dr. Smith and was said by Mr. Cowing today to have been a very happy event.

Dr. Smith recently resigned to become provost of institutions in Indianapolis, including the Long and Riley Memorial hospitals, connected with Indiana university.

There were eight-five Rotarians and one hundred other guests present for the dinner. Those who made short talks regarding Dr. Smith, his service to the Richmond institution and his opportunities for service in a larger field to which he is going, included Timothy Nicholson of Richmond; Father Francis H. Gavisk of Indianapolis, a member of the Riley hospital state committee; Dr. R. L. Lyon of I. U., Bloomington; Fred Robinson of Indianapolis, state purchasing agent; Dr. Charles Emerson of I. U., Bloomington; Judge Ira Bateman of Bloomington, member of the Riley hospital state committee; Amos W. Butler of Indianapolis, a member of the state board of charities and Correction.

Dr. Smith responded at the close of the program.

## SIXTEEN PATIENTS ATTEND

Many Kept Away From Tuberculosis Clinic By Weather

Sixteen patients attended the tuberculosis clinic held at Dr. John M. Lee's office Tuesday, under the auspices of the county tuberculosis association. The weather made it impossible for many of the patients to attend. All of those who came for an examination were from Rushville.

The clinic was conducted by Dr. Stygall of the state association, who was assisted by Miss Hollowell, city visiting nurse, and local physicians. It was the third one held in Rush county this year, the other two having been at Milroy and Rushville.

## WILL P. JAY NEW KIWANIS PRESIDENT

Elected by Club at Noon Luncheon Today, Dr. P. H. Chadwick Being Chosen Vice-President

Elected by Club at Noon Luncheon

Will P. Jay was elected president of the Rushville Kiwanis club at their noon luncheon today, and other officers were elected for the ensuing year, effective at the meeting next week. Mr. Jay succeeds Dr. J. B. Kinsinger as president.

Aside from the election of officers today, there was little business before the meeting and the day was devoted to the observance of the Golden Rule meal campaign, and the lunch was reduced to comply with the observance. The difference between the cost and that of a regular meal will be contributed to Near East Relief.

Other officers elected today besides Mr. Jay, were Dr. P. H. Chadwick, vice president; Bert Trabue, treasurer; Robert Mansfield, district deputy; board of directors: Paul Allen, Dr. Frank H. Green, John H. Kiplinger, Robert A. Innis, A. L. Riggs, Dr. J. T. Paxton and John B. Morris.

## ACCOUNT AND DIVORCE SUITS ARE PUT ON FILE

Howell Brothers Are Plaintiffs in Complaint to Foreclose a Mortgage

S. L. TRABUE ASKS A DIVORCE

A complaint on an account and to foreclose a lien, and a divorce suit, are among the two new cases docketed for trial in the circuit court. Business was quiet today in the court room, on account of the absence of Judge Sparks from the city, today and Thursday.

In the suit to foreclose, Howell Brothers are plaintiffs and Claude W. Stueker and Elizabeth N. Stueker, defendants, the suit alleging that the defendants owe \$238.24 for automobile accessories supplied motor busses, and the demand is for \$288 and for the foreclosure of a mortgage that is said to be recorded.

Samuel L. Trabue, an attorney of this city, has filed suit for divorce from Marguerite Trabue, alleging that his wife refuses to live with him, and has abandoned him for no cause. They were married September 28, 1910, according to the complaint, and she left him several months ago, and is residing with her parents in Knightstown, according to the complaint.

## BANKS WILL ACCEPT GIFTS FOR MEMORIAL

Contributions to Harding Memorial Will be Forwarded to Washington by Local Chairman

PURPOSE OF THE CAMPAIGN

There will be no actual campaign for funds for the Harding Memorial association in Rush county, during Harding Memorial Week, next week, but Will O. Feudner of the Daily Republican has accepted the county chairmanship for the movement and has made arrangements with banks of the county to accept contributions.

Gifts to the fund that are received by banks of the county will be turned over to Mr. Feudner and he will forward the money to the Harding Memorial association in Washington.

The purpose of the memorial association campaign, which will culminate in a special week, is:

"To build a suitable resting place for President Harding's remains in Marion; to perpetuate his home as a shrine for the mementos of his life; to establish a means of educating men and women for government service, as he desired; and to make of these a memorial in affectionate remembrance of a man who gave his life in friendly, helpful, constructive service as citizen and president."

## GILLETTE WINS IN HOUSE BATTLE

Deadlock is Broken When Progressives Win Fight for Liberalization of Rules

NAMED ON 1ST BALLOT TODAY

Election of Gillette Means That President Will Probably Deliver Message Thursday

(By United Press)

Washington, Dec. 5.—Representative Gillette, Mass., today was elected speaker of the house of representatives on the first ballot of the day, the ninth taken since balloting began Monday.

Gillette's election ended the deadlock which lasted two days following the successful demand of progressives for free debate and a chance to vote on liberalization of house rules.

As soon as the house met at noon today Representative Nelson, Wisconsin, progressive leader, read to the house a statement covering the progressive understanding of the proposal made yesterday by Representative Longworth, majority floor leader.

This statement provided that the fullest opportunity for debate and amendment of the rules would be provided after thirty days of consideration by the rules committee of amendments presented by individual members. During that thirty days the rules of the last house will govern.

There was cheering as Beck, Wisconsin, the first of the progressives, voted for Gillette. This was repeated a moment later when Brown, also of Wisconsin, another progressive, swung to Gillette.

The vote was Gillette 215; Garrett 197; Madden 2; not voting 4; total 417.

Number required to elect 208, Gillette's margin being 7.

Election of Gillette means that President Coolidge probably will deliver his address before a joint session of the house and senate tomorrow.

Senator Lodge, republican, senate leader, called on the president at the White House this morning and made arrangements for Mr. Coolidge to "go to the hill" tomorrow.

Lodge told the president arrangements were made for organization of the house immediately and that a joint committee of both houses would call on him this-afternoon and inform him that congress was ready to do business.

The morning and afternoon sessions were held in the court room at Greensburg, and the night session will be held at the Presbyterian church in the form of a public meeting, to which all persons are invited, who are interested in law enforcement.

There were present at the session today, representatives of the prohibition department, anti-saloon league, the W. C. T. U., and other church bodies, who were to take part in the program.

# SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call it "Joint-Ease"  
Because it's For Swollen, Sore,  
Painful, Creaky Joints Only

It took a good many years to get together a combination of pain subduing and swelling reducing agents declared to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed, creaky, pain racked joints as good as new.

They call this new and wonderful preparation "Joint Ease" because the medical man who turned the trick, worked for years to perfect some low-priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint Ease" is prepared only for people who have a swollen, painful, creaky, distorted, or stiff joint, whether it be in knee, elbow, shoulder, ankle, neck or finger and whether it is caused by rheumatism or something else.

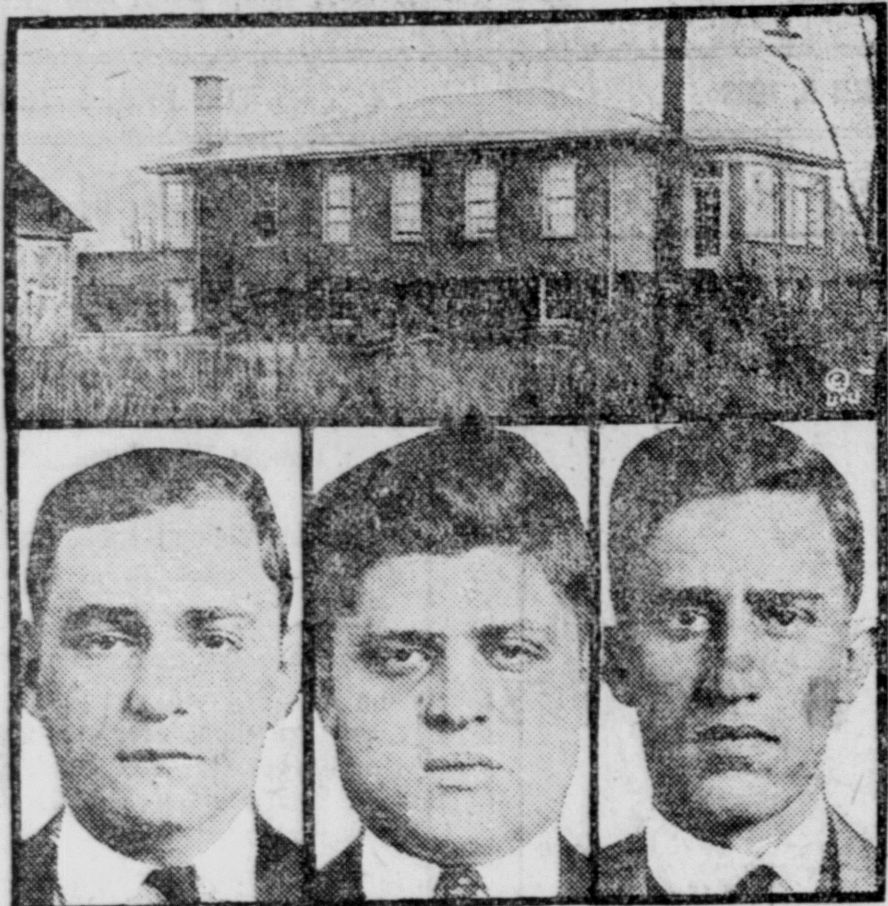

Of course, it can't help but quickly put an end to such superficial ailments as lumbago, neuralgia, neuritis, aching muscles, stitch in the side, crick in the neck or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint Ease". You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds rubbing. It surely is a swift penetrator and when it gets under the skin, it starts right in to clean up all joint trouble.

All druggists dispense it daily for about 60 cents a tube, as do first class druggists everywhere. At all druggists.

### TO ERADICATE TUBERCULOSIS

Indianapolis, Dec. 5—Twelve of the more progressive counties in Indiana have appropriated funds for the eradication of bovine tuberculosis. Dr. E. B. Haskins of the U. S. department of agriculture said today. "More and more, farmers are coming to see the worth of intelligent organized effort in combatting this menace to their cattle," he said.

## 43 FARMERS HAVE SEED CORN TESTED

Farmers Were as Much Interested  
in This Line of Work This Year  
as in Former Years

### RAG DOLL METHOD USED

Total of 159 Bushels Was Tested  
With Twenty-One Percent Being  
Discarded—Favorable Season

Conditions were so favorable in the fall of 1922 for maturing corn there was no reason for great concern over the germinating quality of seed for the 1923 crop, and it was anticipated that there would not be as great a demand for testing as in the past years. But when the county central testing plant was opened early in March by the county agent, it was learned that farmers were almost as much interested in this line of work as formerly.

Forty-three individual farmers brought seed corn to the plant to be tested. A small charge of 1 cent per ear was made to defray necessary expenses. The modified rag doll method, of testing was used and a number of high school boys were employed evenings and on Saturdays to place the seed in the testers. The results were read by the county agent.

A total of 159 bushels was tested with the following results: an average of 3.4 per cent was discarded on account of disease, making a total of 11.6 per cent discarded. Seed corn this year was found to be much better than last year when a total of 21 per cent was discarded. This was due to the more favorable season and to the fact that much of the seed tested had been from seed with three years testing behind it. Corn that had been tested for the fourth time showed less disease than seed tested for the first time.

The farm bureau office furnished testing paper to 13 farmers who tested seed at home, and these farmers tested a total of 80 bushels. A number of schools installed small testers and tested corn in connection with their study of agriculture. It is estimated that the total number of bushels tested in the county was approximately 350, not quite as much as was tested last year but more than we expected after such a favorable season.

Seed corn testing will be one of the important projects again next year because the present season was extremely unfavorable to the maturing of the crop, and it is likely that it will be necessary to enlarge the capacity of the plant in order to take care of the demand for the work. Plans are already going forward towards getting more testing done in connection with the schools in the spring.

Absurd as it may seem, the French are holding the United States indirectly responsible for the flight of the Crown Prince into Germany. It is asserted that, because Washington has always emphasized the right of peoples to select their respective forms of government, encouragement has thereby been given to European monarchists. Apparently the United States is to blame for popular opinion in the Old World. Turkey has lately become a republic, while Germany shows signs of drifting back to a monarchy. In each instance the will of the people is the deciding factor, and because this country believes in rule by the will of the majority we are thereby encouraging such changes in European governments.

The latter charge we can accept with equanimity. The day when the peoples of Europe assert themselves, and overthrow the sort of diplomacy that has led them into wars from time immemorial will mark the dawn of a new era of peace. The World War was precipitated by a few leaders in the selection of whom the people had never had a hand. Austria was marched against Serbia on the orders of the emperor and his friends, Russia took a hand because the czar and his advisers decreed it, and Ger-

many entered the war for a similar reason. Had the people of those countries understood the situation, as they are learning now to comprehend foreign affairs, there would have been no war. Government by consent of the governed was the inspiration of our own Revolution, and is a principle that the United States will always uphold.

**No Amendment Needed**

As a means to discourage future wars an amendment to the Constitution has been proposed providing that all citizens shall be subject to conscription for the national defense. The idea of a universal draft is excellent and was originated by the late President Harding. But there is no need of amending the Constitution. The power which permitted Congress to draft the National Army in the late war can as readily be applied to all of our citizens. The Constitution already gives Congress the right "to raise and support armies". As modern war is waged, the entire activity of a nation is needed to support its army in the field. Let us adopt the policy of universal conscription, but let us beware of the too prevalent evil of legislating through Constitutional amendment.

ANOTHER ONE-POINT GAME

Arlington Wins in Five-Minute Over-  
time Period, Coming From Behind  
to Tie Score

An extra five minute overtime period decided a basketball game Tuesday night at Arlington, when the Arlington high school team upset the dope, and won from Webb, 23 to 22, staging a rally in the last 53 minutes that tied the score at 22 points when the game ended.

During the five-minute overtime period, Webb fouled and Joe Readle caged the winning point for Arlington. Webb led almost all of the way, and the first half ended 10 to 8 in their favor.

When the score was doubled on Arlington, 22 to 11, and with only 21 minutes left to play, the Arlington team started their rally, and they caught up with Webb just as the whistle sounded, making the extra 5 minute overtime period necessary.

The line-up and summary:

Arlington 23	Webb 22
F. Readle	F. Young
Kennedy	Osborne
J. Readle	C. Davison
Stanley	G. Fair
Lee	G. Wagoner

Substitutions, Arlington, Price and Summan; Webb, Gibson and Elliott. Field goals, Kennedy, J. Readle 5, Stanley, Price, Summan, Fair, Davison 2, Osborne 2, Young 2, Gibson, Foul goals, F. Readle, J. Readle, 4, Fair, Young 3, Gibson.

## HITTIN' 'EM —AND— MISSIN' 'EM

The coaches will show the basketball fans of Rush county how they do it. They play Westland here tonight on the Modern Appliance floor.

WEBB TUMBLED AGAIN

Webb met their Waterloo again last night. This time it was another surprise party. Arlington sent them home, 23 to 22, in a five-minute period overtime game.

Hittin' 'em was all wrong about the Moscow-Arlington game this week. It done happened last week, with Moscow coming out winners.

Next to any game this week that we know of which we would like to see, will be the scrap Thursday night at Carthage, when Raleigh comes over for a game.

Joe Readle, floor guard for Arlington, won the game last night from Webb, when he tossed in a foul goal during the five minute period.

Another Cumbak Team

Arlington had a real comeback, and won the game in the last five minutes, after lagging 22 to 11.

GETTIN' USED TO IT!

"Rushville is getting an epidemic of the nerves," says Georgie of Vincennes, who adds that, "Last two games have been won by one point each." Just about two more of these

games, George, and we will be getting used to it.

THIS STARTED IT ALL

We lost the state title year before last by one point, when Marion beat us out 19 to 18 in a loosely played game. We were all set to down Franklin, until Marion hobbled up.

City council is goin' to license busses. Say, Mayor, how do you expect us to get to basketball games?

Hazy of Muncie, cut his column short yesterday, and as an excuse said this:

Sure this is rotten today. But the Kokomo, Rushville and Vincennes papers didn't come, so we couldn't clip some good stuff.

Webb plays at Milroy Saturday night. We'll let you do the pickin'.

Kokomo is still celebrating their victory over Elwood last Saturday night. According to Bobby of Frankfort, the Hot Dogs will put an end to their cheering Friday night.

Elwood had a real team last year—until they met Anderson. The Tri-state tourney was too much for 'em, and after winning the championship of three states, they couldn't capture the title for their own county.

## TWO VETERANS LEFT ON WABASH SQUAD

Goldsberry And "Hippo" Pearce Only  
Regulars Around Which Coach  
Vaughn Has to Build Team

HAD TO FILL GRATER'S PLACE

Crawfordsville, Ind., Dec. 5—With two men remaining from the Little Giants' national championship team of 1922, Robert Vaughan, head coach will start this week to build up an almost new basketball team from a host of recruits.

Alonzo Goldsberry, Captain, and "Hippo" Pearce, Center, are the only members of that famous Little Giant outfit of 1921. Maurice Chadwick, however, who played as substitute at that time, and was a Freshman, has developed into one of the best players Coach Vaughan has, and between him and Pearce, both of whom are well over six feet tall, the place at center ought to be filled adequately.

It is the back guard position which is worrying Mr. Vaughan. Clyde Grater, who last year was declared a back guard without a peer, has graduated. McFarland, a Sophomore, is the only likely candidate for the position. Thompson, Englehardt and Shelly, of last year's squad, will bid for forward positions, as well Burdette, a star of the past, but who was ineligible to play last year because of scholarship difficulties.

That's nothing, neither did we.

HOW ABOUT THEM, MOSCOW

Hittin' 'em will bet that Moscow won't play at the Cincinnati tourney this year, or if they do, they will first send in their eligibility list for the Indiana tourney.

"Thru the Hoop" is a new column that makes its appearance in the Shelbyville Democrat. The Shelbyville Republican will start their column in a few days, we are informed.

WE STILL NEED CONNERSVILLE AND GREENSBURG IN THE SWIM

Speaking of Greensburg, reminds us of the fact that Rushville will play down there Friday night. Who's got a way, for us?

Hardwood Double Dribbles in the Star can't get off on both feet. One day he drops in, and then maybe a week later he blossoms out again. We like 'em to stick like glue.

LOTS OF COMPETITION

A newspaper dispatch tells us that there are 800 basketball teams in Cleveland, O., this season, and all of the time we thought the game was an Indiana product.

Elwood and Shortridge will meet Friday at Indianapolis. The Red Devils from Madison county are out for a win, following their upset last Saturday by Kokomo.

Newcastle is on the anxious seat this week. They play at Knightstown Friday night. The way that Knightstown tramped Spiceland, is enough to worry any team.

Mail Hittin' 'em your county basketball dope. We can't do it all.

WELL, IT'S THE TROJANS

We promised you a name for the Newcastle basketball team and here it is—The Trojans. After three weeks of consideration, the committee in charge of the names contest, couldn't find what it considered a suitable name so decided to select one and the Trojan was it. Trojan fits the Rose City outfit to a "T". No less an authority than old man Webster says it refers to one who shows pluck, endurance, determined energy and that's what Newcastle hasn't got nothing else but.

—Markin' 'em up, Newcastle

There is an old saying Newcastle, "work like Trojans", which we surmise will fit your team fine.

FOR FURTHER TREATMENT

John Whitton of Sexton, has returned to the Sexton hospital in this city for further treatment, following an operation at the hospital several weeks ago.

To Keep Football Clean

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Dec. 5—Starting next fall and remaining effective as long as the signed agreement endures, Yale, Harvard and Princeton will not be permitted to make use of "transfers" on their varsity football teams.

"Transfers" are students who come to one college from another and, as applied to athletics, the term means players who have engaged in athletics for another college. Preparatory schools, of course, are excepted.

This policy was adopted by the "Big Three" in furtherance of the desire to remove collegiate football from the temptations of having inducements made, directly or indirectly, to cause the transfer of good athletes from smaller to larger colleges.

Two of Yale's finest players on the 1923 eleven—Richeson, quarterback, and Milstead, tackle—were transfers, but unless the agreement made was retroactive, any transferred athletes at Yale, Harvard or Princeton this year will not be made ineligible.

LeGendre, the fine Princeton back, was also a transfer as he played with Richeson on the Tulane University team.

No doubt there were several other good players on the three teams who would not have been permitted to

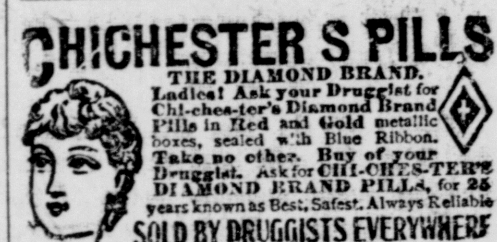

play if the rule had been passed before it was.

In providing so many safeguards to remove collegiate football from any taint of professionalism or any motives unethical from a pure amateur viewpoint, college athletic heads have been accused of taking their football too seriously.

When the warning has been sounded and the cry is raised at the end of each season that football must be saved, the neutrals from the sidelines are prompted to inquire: "Saved from what?"

Carelessness, however, has allowed evils to creep up from behind, armed with a big sock in other sports, and perhaps it is well that those who want to keep football as one of the few sports above reproach, should act on the theory that it is better to apply the ounce of prevention rather than seek the pound of cure.

Theoretically, it is sound to bar transfers from tramping around from college to college and practically it will be approved by many coaches who have had some strenuous times in dealing with "transfers."

## Why They Parted

"I was down with pain in my right side which at times almost crazed me. Most all of the doctors said operation. But what I want to tell you is the pain disappeared with the first dose of your medicine and I never see any since. Mayr's Wonderful Remedy has the right name—gas, sour stomach and dyspepsia have left, too." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

## Play Suits

The one-piece suit is perfectly plain. It has two pockets and a tiny round collar and is cut on the simplest pattern, one that is warranted to stand wear and tear, which is the necessary result of being worn by a small boy. The two-piece suit is good for every day but it may be also a dress-up suit if it is made in a dress-up cloth. It has a loose blouse version of the sailor suit.

## First Step Taken on City Building Remodeling

Continued from Page One  
council to extend the use of other streets, giving the busses access to the stations of the lines with which they are co-operating.

The ordinance provides that the city shall collect each year \$25 for busses that carry 7 or less passengers; \$35 for busses that carry seven, and not more than 12 passengers; \$50 for busses that carry 12 and not more than 18 passengers, and \$75 for busses that carry 24 or more passengers.

The ordinance defining the fire limits, and establishing a building code in the business district, was placed on second reading, and will be up for final passage at the next meeting.

A. T. Mahin reported that of the \$1,500 fire loss at the city water and light plant last week, the insurance will be adjusted for \$663.06. The loss on the new building under construction, which was damaged \$500 in broken glass, was not insured.

Insurance on the street commissioner's headquarters and street equipment housed in the building, will also be taken out. This building is located on the property at the light plant. The committee also was instructed to take out proper insurance on the new addition to the city plant, which is nearing completion.

A car load of stone for winter work in the street department was ordered. A complaint concerning the obstruction of a sewer by the state highway department, on the extreme end of West Third street, was taken up, and the state commission will be notified that the local superintendent has failed to comply with the instructions to remove tracks and other equipment that is said to be blocking the sewer.

The usual accounts and bills were allowed before adjournment, and Earl Osborne, city clerk, desired to call attention to the fact that persons having bills against the city should file them in time for the December 18 meeting, which will be the last session this year.

## STARTS XMAS CLUB

The Farmers Trust Co., together with the other three Rushville banks, will have a Christmas Savings club for 1924, an announcement having just been made to that effect. This bank has never had a Christmas club before, which accounts for the fact that its new club was not announced Tuesday with the other clubs starting for 1924.

## ANSWER TO CHAPTER V

Now the wolf had a hearty appetite, but he did not crave any of the things in the basket. He had hopes of devouring Little Red Riding Hood, and would have eaten her on the spot, but he feared that she might scream and some woodmen working nearby would hurry to her rescue and maybe cut him to bits.

Three Days at Castle

Excitement and thrills, suspense and conflict are said to be simply crowded into "The Spoilers," Jesse D. Hampton's production of Rex Beach's famous novel of Alaska, which will be shown at the Castle today, Thursday and Friday. By the critics this film has been termed one of the master-pieces of the screen. There is every reason to believe that "The Spoilers" is everything that has been claimed for it, as it boasts an unusually notably cast, headed by Milton Sills, Anna Q. Nilsson, Barbara Bedford, Robert Edeson, Noah Beery, Mitchell Lewis, Robert McKim, Sam de Grasse, John Elliott Ford Sterling, Louis Farneda, and Rockcliffe Fellowes.

"The Spoilers" was written by Beach from actual observation of the turmoil that followed in the Yukon when crooks jumped the claims of the miners and looted them of their gold for months until justice was restored. His novel is on authentic record of the historic gold

## PLUM CREEK BOYS AT CONFERENCE

Only Rural Organization Represented by Delegation at Fourth Christian Citizenship Conference For Boys of High School Age at Richmond.

Plum Creek church was the only rural organization represented by a delegation at the fourth Christian Citizenship conference for boys of high school age held at Richmond, November 30, and December 1 and 2. The local delegation, eight in number, including the adult leader, was much larger in ratio to the size of the community represented than any other delegation.

Some thirty organizations from eastern Indiana were represented in the Richmond conference. Similar conferences were in progress at the same time in Greenacres, Michigan City and Princeton, as well as in several other mid-western states.

The theme of the conference was "Are You Ready?" Are you ready to meet your Christ face to face and to do His will? Are you ready to stand out for His cause at home, in the school, in the church and in the community in which you live?

The keynote was sounded Friday night in the coliseum before some four hundred high school boys by Blake W. Godfrey of Mississippi, who was the principal speaker of the conference. His appeal throughout the conference was for the boys to take a firm stand against those things which are not conducive to the best that is possible. He appealed to them to come clean in all things—in their relationships in the home, with other boys, with teachers and school, and with their God.

Mr. Godfrey made the closing talk of the conference at Reid Memorial Presbyterian church Sunday afternoon. His subject was "Keeping On The Main Line" and was an appeal to the boys to stick to the resolutions for right living which they had formed during the conference, to stick in spite of jibes and sneers. He closed the session in a most dramatic manner by relating a supposed conversation between Moses and Christ upon Christ's return to heaven. The conversation was relative to the success of Christ's mission here on earth. Moses was astounded to think that Christ had not established a form of government, a seat of government, or an army to maintain that which He had established. Christ answers that if the eleven men in whom His trust has been placed fail Him, His sojourn on earth was a failure since he had no other plan.

Another speaker was Arthur Rugh of China who spoke upon the subject, "Boys of Other Lands." He showed that young people of other lands were interested in just the same things that interest the boy of America; that the leading hater of the national League was as vital a question to the American, that the

first thing they turned to in the morning paper was Jiggs, Polly, or Roger Bean, that every college campus has its Mutt and Jeff. Mr. Rugh also told us of some of the wonders wrought by Christian ministrations in China; that the most widely read Chinese author was a street waif threatened with total blindness until he was taken in hand by a missionary; that China's greatest native educator was given his chance by a missionary, and numerous other illustrations of a like nature. His plea was to give the boys of other lands a chance.

Other speakers were the mayor of Richmond, Rev. Workman, Rev. Dressel and Dr. Wort, all of Richmond, and Coach Wann of Earlham College. Shannon Neff of Centerville lead the singing. The Morton high school band of Richmond played for the sessions.

The delegates were entertained by the people of Richmond who threw open their homes to them. The business men provided a banquet at the coliseum Friday night. Saturday a banquet was served at Earlham college after which the museum and new indoor track were thrown open for inspection. Saturday night a banquet was served in the Y. M. C. A. building. Sunday the delegates attended Sunday school and church with their respective hosts.

The Plum Creek boys returned home Sunday evening and the church services were conducted by them. A report of the conference was made by each of the seven boys as follows: The Hi-Y Club, Theodore Custer. Young People's Work, Clyde Gordon. C. C. I. P., Carrol Rees. Earlham College, Joseph Custer.

Courtesy of Richmond, Robert Meyer

At the Coliseum, Adrean Eckert, Walter Eakin acted as chairman.

The conference is already bearing fruit in a movement, being launched to bring R. J. Duke, state secretary of the Y. M. C. A., to the community to inaugurate a movement for a Hi-Y club. The purpose of the club is summarized as follows: "To create, maintain and extend the principles of Christian Citizenship."

A few of Mr. Godfrey's epigrammatic statements are as follows:

"The world plus God equals common sense."

"If I were a conscript in Christ's army I would be entitled to no credit at all."

"God has not chosen you because of what you have not done but because of what you are capable of doing."

## GAS WELLS LEFT UNCAPPED

State Inspector Calls Attention to Violation of The Law

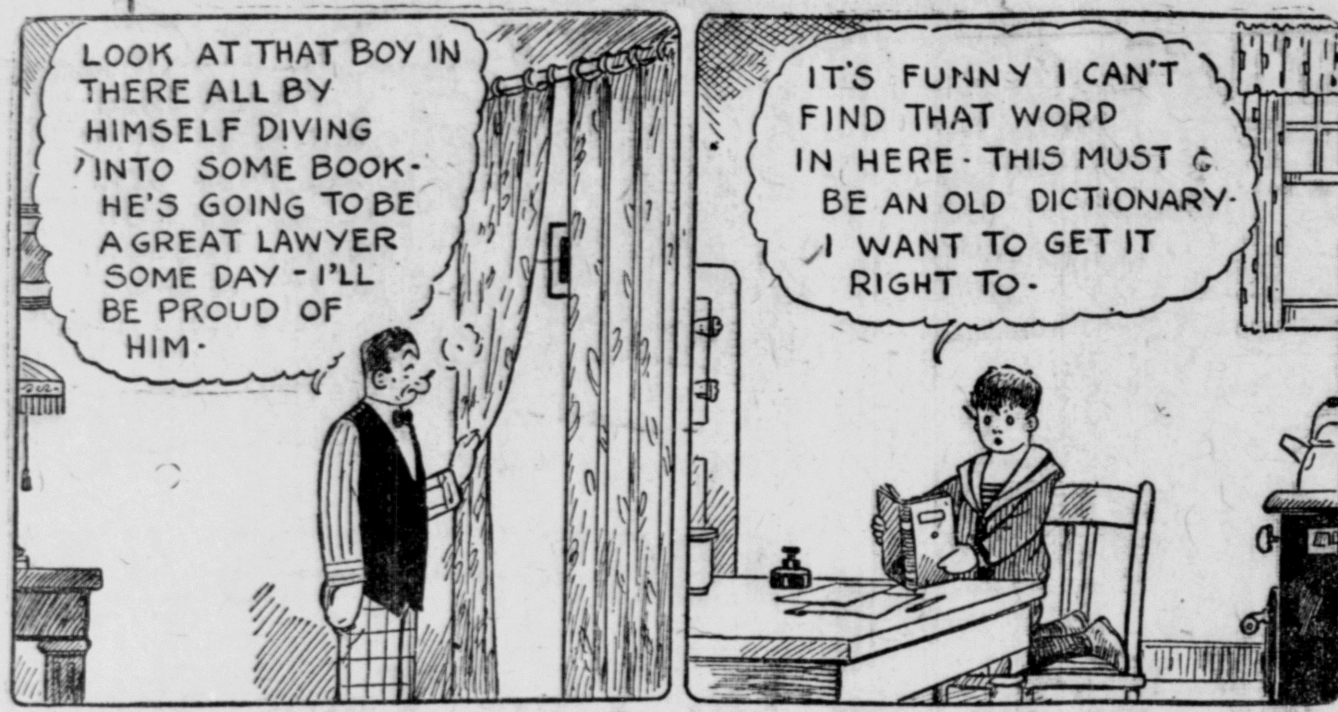

Indianapolis, Ind., Dec. 5—Abandoned gas wells in many sections of Indiana which are no longer productive but which still have an appreciable "blow" of gas are in many cases left uncapped in direct violation of the state law, Theodore M. Kingsbury, state natural gas inspector, said today.

The purpose of capping the wells, he said, is to prevent the non-productive wells from affecting the wells which still have a good flow.

As the well becomes more exhausted, salt water seeps into the porous stratum where the gas has been and shuts off other wells as well as the abandoned one, he said.

The fine for violation of this law is \$200.

## Injured By Auto Alighting From Car

WILLIAM C. MINNIE  
Dayton, Ohio.

Returns to His Work After Taking Chiropractic Adjustments

It gives me great pleasure to write this authentic statement for the enlightenment of others as to what was accomplished for me through Chiropractic adjustments.

January 26, 1923, while alighting from a Cincinnati and Leo street car at South Broadway and Swisher Street, Dayton, Ohio, I was struck down by a Ford Coupe, which injured my hip and back. The force of the accident not only injured my body, but damaged the radiator so badly that it had to be towed away.

I was taken to the St. Elizabeth Hospital, Dayton, Ohio, where I remained thirty days, recovering sufficiently to be taken home. I knew from experience that Chiropractic was the only thing that could help me, so with the aid of crutches and later a cane, I visited the Chiropractor regularly. Today I am again able to return, after eight months absence to my trade at the Maxwell Motor Company plant.

I can truthfully say that no other method could have accomplished so much for one who was so terribly battered up as I was. I shall continue taking adjustments and commend them to anyone else who may have had a similar accident. Signed: William C. Minnie, 1235 S. Broadway, Dayton, Ohio.

By investigation many things are made clear that would otherwise be hidden in darkness.

## FIRST STEP TAKEN ON CITY BUILDING REMODELING PLAN

Council Definitely Decides at Meeting to do Away With Horse-Drawn Apparatus

### TO BUY LIGHT FIRE TRUCK

Disposal of Horse Wagon And Horses Will Make Room For Police Department at City Hall

### CARRIED OVER UNTIL DEC. 18

Chairman of Police Committee Reports Briefly on Arrangement to Move Police Into Room

The status of the police situation was little changed today, following the regular session of the city-council Tuesday night, during which time the matter was taken up and discussed again, and definite action deferred until the next meeting night.

The police, in the meantime, are looking for a room than can be rented for headquarters, until the present city building can be remodeled so as to accommodate the various offices. The remodeling, however, will not be made until after the first of the year, when the councilmen last night decided definitely to purchase a light fire truck to replace the present horse-drawn vehicle.

The conference held Monday night between the police committee and the police force, which was mentioned in last night's Daily Republican, was presented to the entire council by O. C. Brann, chairman of the police committee, and after a discussion on the subject, a motion was made to carry it over until December 18.

Mayor Thomas does not favor the addition of another man to the force, while it is understood that the council sees no other way out of the situation except by the addition of a desk man, who will be on duty at the headquarters to answer calls. As the situation exists today, it is pointed out, the protection is worthless, as no one is on duty to receive telephone calls.

Among other business taken up at the council meeting was the reading of the ordinance regulating motor busses and placing a license upon them. The ordinance was placed on first reading, and is similar in substance to a previous ordinance that failed to materialize several months ago.

The ordinance defines certain streets that the busses can travel upon, making it unlawful for them to park more than 15 minutes at any location, and placing a city license fee graded upon the seating capacity of the bus. Cars defined as taxi-cabs, or service within the city, are exempt from the ordinance.

A further section which pertains to busses co-operating with steam or electric lines, makes it legal for the

A. G. Reeve of Indianapolis and formerly of this city, who is better known here as "Daddy" Reeve, won the distinction of being the first contributor to the fund, and Mayor Walter Thomas was second, with the purchase of a \$5.00 Health Bond.

The Rush County and the Rushville National banks were the two big contributors, each giving \$25.00 to the cause.

Mr. Reeve, who bought one hundred Christmas Seals, said that he still had the interest of Rushville first in his heart.

Reports From Rush County Farm Bureau Canvass Indicate This—Final Drive on Today

### 6 MEETINGS TUESDAY NIGHT

Reports coming into the county office of the Rush County Farm Bureau today indicated that the two-day membership campaign, which will close this evening will result in the county organization maintaining its present membership, if no increase is shown. Complete reports from all of the townships will not be available before Saturday, it is believed.

The farm-to-farm canvass was being made today in the remaining six townships—Rushville, Posey, Anderson, Wolke, Jackson and Noble, where meetings were held Tuesday night preliminary to the drive. Last night's meetings were at Webb school house, Sexton, Milroy, Homer, Arlington and New Salem.

The Farm Bureau workers from outside the county, who were assigned to the respective townships, spoke as originally assigned and today were assisting in the canvass, as they did Tuesday following the meetings Monday night in the first block of six townships to be covered. "The bad weather served to cut the attendance at the township meetings, but it proved an aid to canvassers, who found most farmers at home."

## WAY TO FORCE OUT M'CRAY IS TOPIC

Republican State Chairman in Indianapolis Meeting Party Leaders to Decide on Course

### THREE THINGS MAY RESULT

Special Session of Legislature Called Without Consent of Governor is One Possibility

(By United Press)

Indianapolis, Ind., Dec. 5—Means of forcing Governor Warren T. McCray out of office, or at least making plain the attitude of the party toward him, were under discussion by Clyde A. Walb, republican state chairman, and other party leaders here today.

Out of this conference three things may result.

1—A special session of the legislature called without the consent of the governor for the purpose of instituting impeachment proceedings.

2—A demand for McCray's resignation by the state committee, republican members of the legislature, or both.

3—A delay until the Marion county indictments are disposed of or until federal authorities who are looking into McCray's affairs take some action.

Walb was in conference with members of a sub-committee of the state committee from the time he arrived in Indianapolis early this morning.

Ewing Emison, Vincennes, and Stuart Fisher, of Princeton, were Walb's first visitors.

Fred Schortemeier, republican state secretary, and Raymond V. Morgan, speaker of the house, were also in conference with Walb.

Homer Elliott, United States district attorney, was another caller at Walb's headquarters in the Hotel Severin.

Walb refused to see newspaper men and said a statement would not be forthcoming today.

## ATTENDS DINNER FOR DR. SAMUEL E. SMITH

J. L. Cowing Guest at Rotary Function Honoring Retiring Head of Richmond Hospital

### WELL KNOWN MEN PRAISE HIM

J. L. Cowing of this City, a trustee of the Eastern Indiana Hospital for the Insane, at Richmond, attended a dinner in honor of Dr. Samuel E. Smith, retiring superintendent of the institution, which was given by the Richmond Rotary club Tuesday evening. It was given in appreciation of years of faithful service by Dr. Smith and was said by Mr. Cowing today to have been a very happy event.

Dr. Smith recently resigned to become provost of institutions in Indianapolis, including the Long and Riley Memorial hospitals, connected with Indiana university.

There were eight-five Rotarians and one hundred other guests present for the dinner. Those who made short talks regarding Dr. Smith, his service to the Richmond institution and his opportunities for service in a larger field to which he is going, included Timothy Nicholson of Richmond; Father Francis H. Gavisk of Indianapolis, a member of the Riley hospital state committee; Dr. R. L. Lyon of I. U., Bloomington; Fred Robinson of Indianapolis, state purchasing agent; Dr. Charles Emerson of I. U., Bloomington; Judge Ira Bateman of Bloomington, member of the Riley hospital state committee; Amos W. Butler of Indianapolis, a member of the state board of charities and Correction.

Dr. Smith responded at the close of the program.

## SIXTEEN PATIENTS ATTEND

Many Kept Away From Tuberculosis Clinic By Weather

Sixteen patients attended the tuberculosis clinic held at Dr. John M. Lee's office Tuesday, under the auspices of the county tuberculosis association. The weather made it impossible for many of the patients to attend. All of those who came for an examination were from Rushville.

The clinic was conducted by Dr. Stygall of the state association, who was assisted by Miss Hollowell, city visiting nurse, and local physicians. It was the third one held in Rush county this year, the other two having been at Milroy and Rushville.

The difference between the cost and that of a regular meal will be contributed to Near East Relief.

Other officers elected today besides Mr. Jay, were Dr. P. H. Chadwick, vice president; Bert Trabue, treasurer; Robert Mansfield, district deputy; board of directors: Paul Allen, Dr. Frank H. Green, John H. Kiplinger, Robert A. Innis, A. L. Riggs, Dr. J. T. Paxton and John B. Morris.

## ACCOUNT AND DIVORCE SUITS ARE PUT ON FILE

Howell Brothers Are Plaintiffs in Complaint to Foreclose a Mortgage

### S. L. TRABUE ASKS A DIVORCE

A complaint on an account and to foreclose a lien, and a divorce suit, are among the two new cases docketed for trial in the circuit court. Business was quiet today in the court room, on account of the absence of Judge Sparks from the city, today and Thursday.

In the suit to foreclose, Howell Brothers are plaintiffs and Claude W. Stucker and Elizabeth N. Stucker, defendants, the suit alleging that the defendants owe \$238.24 for automobile accessories supplied motor busses, and the demand is for \$288 and for the foreclosure of a mortgage that is said to be recorded.

Samuel L. Trabue, an attorney of this city, has filed suit for divorce from Marguerite Trabue, alleging that his wife refuses to live with him, and has abandoned him for no cause. They were married September 28, 1910, according to the complaint, and she left him several months ago, and is residing with her parents in Knightstown, according to the complaint.

## BANKS WILL ACCEPT GIFTS FOR MEMORIAL

Contributions to Harding Association Will be Forwarded to Washington by Local Chairman

### PURPOSE OF THE CAMPAIGN

There will be no actual campaign for funds for the Harding Memorial association in Rush county, during Harding Memorial Week, next week, but Will O. Feudner of the Daily Republican has accepted the county chairmanship for the movement and has made arrangements with banks of the county to accept contributions.

Gifts to the fund that are received by banks of the county will be turned over to Mr. Feudner and he will forward the money to the Harding Memorial association in Washington.

The purpose of the memorial association campaign, which will culminate in a special week, is:

"To build a suitable resting place for President Harding's remains in Marion; to perpetuate his home as a shrine for the mementos of his life; to establish a means of educating men and women for government service, as he desired; and to make of these a memorial in affectionate remembrance of a man who gave his life in friendly, helpful, constructive service as citizen and president."

## GILLETTE WINS IN HOUSE BATTLE

Deadlock is Broken When Progressives Win Fight for Liberalization of Rules

### NAMED ON 1ST BALLOT TODAY

Election of Gillette Means That President Will Probably Deliver Message Thursday

(By United Press)

Washington, Dec. 5—Representative Gillette, Mass., today was elected speaker of the house of representatives on the first ballot of the day, the ninth taken since balloting began Monday.

Gillette's election ended the deadlock which lasted two days following the successful demand of progressives for free debate and a chance to vote on liberalization of house rules.

As soon as the house met at noon today Representative Nelson, Wisconsin, progressive leader, read to the house a statement covering the progressive understanding of the proposal made yesterday by Representative Longworth, majority floor leader.

This statement provided that the fullest opportunity for debate and amendment of the rules would be provided after thirty days of consideration by the rules committee of amendments presented by individual members. During that thirty days the rules of the last house will govern.

There was cheering as Beck, Wisconsin, the first of the progressives, voted for Gillette. This was repeated a moment later when Brown, also of Wisconsin, another progressive, swung to Gillette.

The vote was Gillette 215; Garrett 197; Madden 2; not voting 4; total 417.

Number required to elect 208, Gillette's margin being 7.

Election of Gillette means that President Coolidge probably will deliver his address before a joint session of the house and senate tomorrow.

Senator Lodge, republican, senate leader, called on the president at the White House this morning and made arrangements for Mr. Coolidge to "go to the hill" tomorrow.

Lodge told the president arrangements were made for organization of the house immediately and that a joint committee of both houses would call on him this afternoon and inform him that congress was ready to do business.

The morning and afternoon sessions were held in the court room at Greensburg, and the night session will be held at the Presbyterian church in the form of a public meeting, to which all persons are invited, who are interested in law enforcement.

There were present at the session today, representatives of the prohibition department, anti-saloon league, the W. C. T. U., and other church bodies, who were to take part in the program.

# SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call it "Joint-Ease"  
Because it's For Swollen, Sore,  
Painful, Creaky Joints Only

It took a good many years to get together a combination of pain subduing and swelling reducing agents declared to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed, creaky, pain racked joints as good as new.

They call this new and wonderful preparation "Joint Ease" because the medical man who turned the trick, worked for years to perfect some low-priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint Ease" is prepared only for people who have a swollen, painful, creaky, distorted, or stiff joint, whether it be in knee, elbow, shoulder, ankle, neck or finger and whether it is caused by rheumatism or something else.

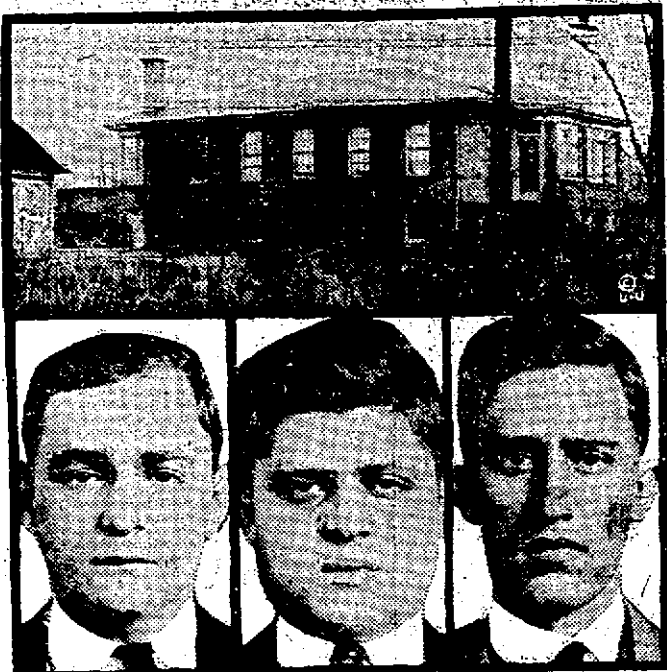

Of course, it can't help but quickly put an end to such superficial ailments as lumbago, neuralgia, neuritis, aching muscles, stitch in the side, crick in the neck or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatsoever.

Ask for a tube of "Joint Ease". You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds rubbing. It surely is a swift penetrator and when it gets under the skin, it starts right in to clean up all joint trouble.

All druggists dispense it daily for about 60 cents a tube, as do first class druggists everywhere. At all druggists.

### TO ERADICATE TUBERCULOSIS

Indianapolis, Dec. 5—Twelve of the more progressive counties in Indiana have appropriated funds for the eradication of bovine tuberculosis. Dr. E. B. Haskins of the U. S. department of agriculture said today: "More and more, farmers are coming to see the worth of intelligent organized effort in combatting this menace to their cattle," he said.

## 43 FARMERS HAVE SEED CORN TESTED

Farmers Were as Much Interested  
in This Line of Work This Year  
as in Former Years

### RAG DOLL METHOD USED

Total of 159 Bushels Was Tested  
With Twenty-One Percent Being  
Discarded—Favorable Season

Conditions were so favorable in the fall of 1922 for maturing corn there was no reason for great concern over the germinating quality of seed for the 1923 crop, and it was anticipated that there would not be as great a demand for testing as in the past years. But when the county central testing plant was opened early in March by the county agent, it was learned that farmers were almost as much interested in this line of work as formerly.

Forty-three individual farmers brought seed corn to the plant to be tested. A small charge of 3 cent per ear was made to defray necessary expenses. The modified rag doll method, of testing was used and a number of high school boys were employed evenings and on Saturdays to place the seed in the testers. The results were read by the county agent.

A total of 159 bushels was tested with the following results: an average of 3.4 per cent was discarded on account of disease, making a total of 11.6 per cent discarded. Seed corn this year was found to be much better than last year when a total of 21 per cent was discarded. This was due to the more favorable season and to the fact that much of the seed tested had been from seed with three years testing behind it. Corn that had been tested for the fourth time showed less disease than seed tested for the first time.

The farm bureau office furnished testing paper to 13 farmers who tested seed at home, and these farmers tested a total of 80 bushels. A number of schools installed small testers and tested corn in connection with their study of agriculture. It is estimated that the total number of bushels tested in the county was approximately 350, not quite as much as was tested last year but more than we expected after such a favorable season.

Seed corn testing will be one of the important projects again next year because the present season was extremely unfavorable to the maturing of the crop, and it is likely that it will be necessary to enlarge the capacity of the plant in order to take care of the demand for the work. Plans are already going forward towards getting more testing done in connection with the schools in the spring.

is of God.—2 Corinthians 3:5.**America Not Dictator**

Absurd as it may seem, the French are holding the United States indirectly responsible for the flight of the Crown Prince into Germany. It is asserted that, because Washington has always emphasized the right of peoples to select their respective forms of government, encouragement has thereby been given to European monarchists. Apparently the United States is to blame for popular opinion in the Old World. Turkey has lately become a republic, while Germany shows signs of drifting back to a monarchy. In each instance the will of the people is the deciding factor, and because this country believes in rule by the will of the majority we are thereby encouraging such changes in European governments.

The latter charge we can accept with equanimity. The day when the peoples of Europe assert themselves, and overthrow the sort of diplomacy that has led them into wars from time immemorial will mark the dawn of a new era of peace. The World War was precipitated by a few leaders in the selection of whom the people had never had a hand. Austria was marched against Serbia on the orders of the emperor and his friends, Russia took a hand because the czar and his advisers decreed it, and Ger-

many entered the war for a similar  
reason. Had the people of those  
countries understood the situation,  
as they are learning now to com-  
prehend foreign affairs, there would  
have been no war. Government by  
consent of the governed was the in-

**No Amendment Needed**

As a means to discourage future  
wars an amendment to the Constitu-  
tion has been proposed providing  
that all citizens shall be subject to  
conscription for the national defense.  
The idea of a universal draft is  
excellent and was originated by the  
late President Harding. But there is  
no need of amending the Constitu-  
tion. The power which permitted  
Congress to draft the National Army  
in the late war can as readily be  
applied to all of our citizens. The  
Constitution already gives Congress  
the right "to raise and support arm-  
ies." As modern war is waged, the  
entire activity of a nation is needed  
to support its army in the field. Let  
us adopt the policy of universal con-  
scription, but let us beware of the  
too prevalent evil of legislating  
through Constitutional amendment.

Omer Trusler, known as the musical

ANOTHER ONE-POINT GAME

Arlington Wins in Five-Minute Over-  
time Period, Coming From Behind  
to Tie Score

An extra five minute overtime period decided a basketball game Tuesday night at Arlington, when the Arlington high school team upset the Posey Township team 23 to 22, staging a rally in the last 53 minutes that tied the score at 22 points when the game ended.

During the five-minute overtime period, Webb fouled and Joe Readle caged the winning point for Arlington. Webb led almost all of the way, and the first half ended 10 to 8 in their favor.

When the score was doubled on Arlington, 22 to 11, and with only 3 minutes left to play, the Arlington team started their rally, and they caught up with Webb just as the whistle sounded, making the extra 5 minute overtime period necessary.

The line-up and summary:

Arlington 23	Webb 22
F. Readle	F. Young
Kennedy	F. Osborne
J. Readle	C. Davison
Stanley	G. Fair
Lee	G. Waggoner

Substitutions, Arlington, Price and Summan; Webb, Gibson and Elliott. Field goals, Kennedy, J. Readle 5, Stanley, Price, Summan, Fair, Davison 2, Osborne 2, Young 2, Gibson. Foul goals, F. Readle, J. Readle, 4, Fair, Young 3, Gibson.

## HITTIN' 'EM AND MISSIN' 'EM

The coaches will show the basketball fans of Rush county how they do it. They play Westland here to night on the Modern Appliance floor.

**WEBB TUMBLED AGAIN**  
Webb met their Waterloo again last night. This time it was another surprise party. Arlington sent them home, 23 to 22, in a five-minute period overtime game.

Hittin' 'em was all wrong about the Moscow-Arlington game this week. It done happened last week, with Moscow coming out winners.

Next to any game this week that we know of which we would like to see, will be the scrap Thursday night at Carthage, when Raleigh comes over for a game.

Joe Readle, floor guard for Arlington, won the game last night from Webb, when he tossed in a foul goal during the five minute period.

**Another Cumbak Team**  
Arlington had a real comeback, and won the game in the last five minutes, after lagging 22 to 11.

**GETTIN' USED TO IT!**  
"Rushville is getting an epidemic of the nerves," says George of Vincennes, who adds that, "Last two games have been won by one point each." Just about two more of these

games, George, and we will be getting used to it.

**THIS STARTED IT ALL**  
We lost the state title year before last by one point, when Marion beat us out 19 to 18 in a loosely played game. We were all set to down Franklin, until Marion bobbed up.

City council is goin' to license busses. Say, Mayor, how do you expect us to get to basketball games?

Hazy of Muncie, cut his column short yesterday, and as an excuse said this:

Sure this is rotten today. But the Kokomo, Rushville and Vincennes papers didn't come, so we couldn't clip some good stuff.

Webb plays at Milroy Saturday night. We'll let you do the pickin'.

Kokomo is still celebrating their victory over Elwood, last Saturday night. According to Bobby of Frankfort, the Hot Dogs will put an end to their cheering Friday night.

Elwood had a real team last year—until they met Anderson. The Tri-state tourney was too much for 'em, and after winning the championship of three states, they couldn't capture the title for their own county.

## TWO VETERANS LEFT ON WABASH SQUAD

Goldsberry And "Hippo" Pearce Only  
Regulars Around Which Coach  
Vaughn Has to Build Team

HAD TO FILL GRATER'S PLACE

Crawfordsville, Ind., Dec. 5—With two men remaining from the Little Giants' national championship team of 1922, Robert Vaughan, head coach will start this week to build up an almost new basketball team from a host of recruits.

Alonzo Goldsberry, Captain, and "Hippo" Pearce, Center, are the only members of that famous Little Giant quintet of 1921. Maurice Chadwick, however, who played as substitute at that time, and was a Freshman, has developed into one of the best players Coach Vaughan has, and between him and Pearce, both of whom are well over six feet tall, the place at center ought to be filled adequately.

It is the back guard position which is worrying Mr. Vaughan. Clyde Grater, who last year was declared a back guard without a peer, has graduated. McFarland, a Sophomore, is the only likely candidate for the position. Thompson, Englehardt and Shelly, of last year's squad, will bid for forward positions, as well Burdette, a star of the past, but who was ineligible to play last year because of scholarship difficulties.

That's nothing, neither did we.

**HOW ABOUT THIS, MOSCOW**  
Hittin' 'em will bet that Moscow won't play at the Cincinnati tourney this year, or if they do, they will first send in their eligibility list for the Indiana tourney.

"Thru the Hoop" is a new column that makes its appearance in the Shelbyville Democrat. The Shelbyville Republican will start their column in a few days, we are informed.

**WE STILL NEED CONNERSVILLE AND GREENSBURG IN THE SWIM.**

Speaking of Greensburg, reminds us of the fact that Rushville will play down there Friday night. Who's got a way, for us?

Hardwood Double Dribbles in the Star can't get off on both feet. One day he drops in, and then maybe a week later he blossoms out again. We like 'em to stick like glue!

**LOTS OF COMPETITION**  
A newspaper dispatch tells us that there are 800 basketball teams in Cleveland, O., this season, and all of the time we thought the game was an Indiana product.

Elwood and Shortridge will meet Friday at Indianapolis. The Red Devils from Madison county are out for a win, following their upset last Saturday by Kokomo.

Newcastle is on the anxious seat this week. They play at Knightstown Friday night. The way that Knightstown tramped Spiceland, is enough to worry any team.

Mail Hittin' 'em your county basketball dope. We can't do it all.

**WELL, IT'S THE TROJANS**  
We promised you a name for the Newcastle basketball team and here it is—The Trojans. After three weeks of consideration, the committee in charge of the names contest, couldn't find what it considered a suitable name so decided to select one and the Trojan was it. Trojan fits the Rose City outfit to a "T". No less an authority than old man Webster says it refers to one who shows pluck, endurance, determined energy and that's what Newcastle hasn't got nothing else but.

—Markin' 'em up, Newcastle

There is an old saying Newcastle, "work like Trojans", which we surmise will fit your team fine.

**FOR FURTHER TREATMENT**  
John Whitton of Sexton, has returned to the Sexton hospital in this city for further treatment, following an operation at the hospital several weeks ago.

To Keep Football Clean

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Dec. 5—Starting next fall and remaining effective as long as the signed agreement endures, Yale, Harvard and Princeton will not be permitted to make use of "transfers" on their varsity football teams.

"Transfers" are students who come to one college from another and, as applied to athletics, the term means players who have engaged in athletics for another college. Preparatory schools, of course, are excepted.

This policy was adopted by the "Big Three" in furtherance of the desire to remove collegiate football from the temptations of having inducements made, directly or indirectly, to cause the transfer of good athletes from smaller to larger colleges.

Two of Yale's finest players on the 1923 eleven—Richeson, quarterback, and Milstead, tackle—were transfers, but unless the agreement made was retroactive, any transferred athletes at Yale, Harvard or Princeton this year will not be made ineligible.

Legendre, the fine Princeton back, was also a transfer as he played with Richeson on the Tulane University team.

No doubt there were several other good players on the three teams who would not have been permitted to

play if the rule had been passed before it was.

In providing so many safeguards to remove collegiate football from any taint of professionalism or any motives unethical from a pure amateur viewpoint, college athletic heads have been accused of taking their football too seriously.

When the warning has been sounded and the cry is raised at the end of each season that football must be saved, the neutrals from the sidelines are prompted to inquire: "Saved from what?"

Carelessness, however, has allowed evils to creep up from behind, armed with a big sock in other sports, and perhaps it is well that those who want to keep football as one of the few sports above reproach, should act on the theory that it is better to apply the ounce of prevention rather than seek the pound of cure.

Theoretically, it is sound to bar transfers from tramping around from college to college and practically it will be approved by many coaches who have had some strenuous times in dealing with "transfers."

The one-piece suit is perfectly plain. It has two pockets and a tiny round collar and is cut on the simplest pattern, one that is warranted to stand wear and tear, which is the necessary result of being worn by a small boy. Dainty refreshments were served at the close of the afternoon.

## First Step Taken on City Building Remodeling

continued from Page One council to extend the use of other streets, giving the busses access to the stations of the lines with which they are co-operating.

The ordinance provides that the city shall collect each year \$25 for busses that carry 7 or less passengers; \$35 for busses that carry seven, and not more than 12 passengers; \$50 for busses that carry 12 and not more than 18 passengers, and \$75 for busses that carry 24 or more passengers.

The ordinance defining the fire limits, and establishing a building code in the business district, was placed on second reading, and will be up for final passage at the next meeting.

A. T. Mahin reported that of the \$1,500 fire loss at the city water and light plant last week, the insurance will be adjusted for \$663.06. The loss on the new building under construction, which was damaged \$500 in broken glass, was not insured.

Insurance on the street commissioner's headquarters and street equipment housed in the building, will also be taken out. This building is located on the property at the light plant. The committee also was instructed to take out proper insurance on the new addition to the city plant, which is nearing completion.

A car load of stone for winter work in the street department was ordered. A complaint concerning the obstruction of a sewer by the state highway department, on the extreme end of West Third street, was taken up, and the state commission will be notified that the local superintendent has failed to comply with the instructions to remove trucks and other equipment that is said to be blocking the sewer.

The usual accounts and bills were allowed before adjournment, and Earl Osborne, city clerk, desired to call attention to the fact that persons having bills against the city should file them in time for the December 15 meeting, which will be the last session this year.

## STARTS XMAS CLUB

The Farmers Trust Co., together with the other three Rushville banks, will have a Christmas Savings club for 1924, an announcement having just been made to that effect. This bank has never had a Christmas club before, which accounts for the fact that its new club was not announced Tuesday with the other clubs starting for 1924.

## ANSWER TO CHAPTER V

Now the wolf had a hearty appetite, but he did not crave any of the things in the basket. He had hopes of devouring Little Red Riding Hood, and would have eaten her on the spot, but he feared that she might scream and some woodmen working nearby would hurry to her rescue and maybe cut him to bits.

### PLUM CREEK BOYS AT CONFERENCE

Only Rural Organization Represented by Delegation at Fourth Christian Citizenship Conference For Boys of High School Age at Richmond.

Plum Creek church was the only rural organization represented by a delegation at the fourth Christian Citizenship conference for boys of high school age held at Richmond, November 30, and December 1 and 2. The local delegation, eight in number, including the adult leader, was much larger in ratio to the size of the community represented than any other delegation.

Some thirty organizations from eastern Indiana were represented in the Richmond conference. Similar conferences were in progress at the same time in Greenville, Michigan City and Princeton, as well as in several other mid-western states.

The theme of the conference was "Are You Ready?" Are you ready to meet your Christ face to face and to do His will? Are you ready to stand out for His cause at home, in the school, in the church and in the community in which you live?

The keynote was sounded Friday night in the coliseum before some four hundred high school boys by Blake W. Godfrey of Mississippi, who was the principal speaker of the conference. His appeal throughout the conference was for the boys to take a firm stand against those things which are not conducive to the best that is possible. He appealed to them to come clean in all things—in their relationships in the home, with other boys, with teachers and school, and with their God.

Mr. Godfrey made the closing talk of the conference at Reid Memorial Presbyterian church Sunday afternoon. His subject was "Keeping On The Main Line" and was an appeal to the boys to stick to the resolutions for right living which they had formed during the conference, to stick in spite of jibes and sneers. He closed the session in a most dramatic manner by relating a supposed conversation between Moses and Christ upon Christ's return to heaven. The conversation was relative to the success of Christ's mission here on earth. Moses was astounded to think that Christ had not established a form of government, a seat of government, or an army to maintain that which He had established. Christ answers that if the eleven men in whom His trust has been placed fail Him, His sojourn on earth was a failure since he had no other plan.

Another speaker was Arthur Rugh of China who spoke upon the subject, "Boys of Other Lands." He showed that young people of other lands were interested in just the same things that interest the boy of America; that the leading hipster of the national League was as vital a question to the American, that the

THE AUTHORITY IN FIRE ARMS, AMMUNITION AND CUTLERY

first thing they turned to in the morning paper was Jiggs, Polly, or Roger Bean, that every college campus has its Mutt and Jeff. Mr. Rugh also told us of some of the wonders wrought by Christian ministrations in China; that the most widely read Chinese author was a street waif threatened with total blindness until he was taken in hand by a missionary; that China's greatest native educator was given his chance by a missionary, and numerous other illustrations of a like nature. His plea was to give the boys of other lands a chance.

Other speakers were the mayor of Richmond, Rev. Workman, Rev. Dressel and Dr. Wort, all of Richmond, and Coach Wann of Earlham College. Shannon Neff of Centerville lead the singing. The Morton high school band of Richmond played for the sessions.

The delegates were entertained by the people of Richmond who threw open their homes to them. The business men provided a banquet at the coliseum Friday night. Saturday a banquet was served at Earlham college after which the museum and new indoor track were thrown open for inspection. Saturday night a banquet was served in the Y. M. C. A. building. Sunday the delegates attended Sunday school and church with their respective hosts.

The Plum Creek boys returned home Sunday evening and the church services were conducted by them. A report of the conference was made by each of the seven boys as follows: The Hi-Y Club, Theodore Custer. Young People's Work, Clyde Gordon. C. C. I. P., Carrol Rees. Earlham College, Joseph Custer. Courtesy of Richmond, Robert Meyer.

At the Coliseum, Adrean Eckert, Walter Eakin acted as chairman.

The conference is already bearing fruit in a movement, being launched to bring R. J. Duke, state secretary of the Y. M. C. A., to the community to inaugurate a movement for a Hi-Y club. The purpose of the club is summarized as follows: "To create, maintain and extend the principles of Christian Citizenship."

A few of Mr. Godfrey's epigrammatic statements are as follows:

"The world plus God equals common sense."

"If I were a conscript in Christ's army I would be entitled to no credit at all."

"God has not chosen you because of what you have not done but because of what you are capable of doing."

# GAS WELLS LEFT UNCAPPED

State Inspector Calls Attention to Violation of The Law

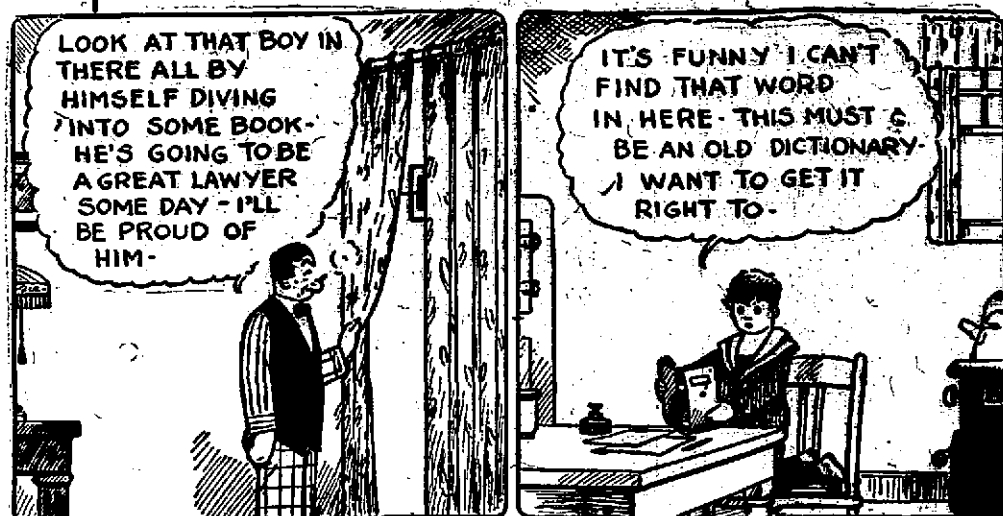

Indianapolis, Ind., Dec. 5—Abandoned gas wells in many sections of Indiana which are no longer productive but which still have an appreciable "blow" of gas are in many cases left uncapped in direct violation of the state law, Theodore M. Kingsbury, state natural gas inspector, said today.

The purpose of capping the wells, he said, is to prevent the non-productive wells from affecting the wells which still have a good flow.

As the well becomes more exhausted, salt water seeps into the porous stratum where the gas has been and shuts off other wells as well as the abandoned one, he said.

The fine for violation of this law is \$200.

WILLIAM C. MINNIE

# Returns to His Work After Taking Chiropractic Adjustments

It gives me great pleasure to write this authentic statement for the enlightenment of others as to what was accomplished for me through Chiropractic adjustments.

January 26, 1923, while alighting from a Cincinnati and Leo street car at South Broadway and Swisher Street, Dayton, Ohio, I was struck down by a Ford Coupe, which injured my hip and back. The force of the accident not only injured my body, but damaged the car to the extent of smashing the radiator so badly that it had to be towed away.

I was taken to the St. Elizabeth Hospital, Dayton, Ohio, where I remained thirty days, recovering sufficiently to be taken home. I knew from experience that Chiropractic was the only thing that could help me, so with the aid of crutches and later a cane, I visited the Chiropractor regularly. Today I am again able to return, after eight months absence to my trade at the Maxwell Motor Company plant.

I can truthfully say that no other method could have accomplished so much for one who was so terribly battered up as I was. I shall continue taking adjustments and commend them to anyone else who may have had a similar accident. Signed: William C. Minnie, 1235 S. Broadway, Dayton, Ohio.

By investigation many things are made clear that would otherwise be hidden in darkness.

FELT TIRED, SO TIRED

Indiana Lady Says She Was Run-Down, Suffered With Her Back, Took Cardui, and Got Well.

Richmond, Ind.—"I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Cora Courtney, 31 Railroad Street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so, to please him, I did, and will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."

"I suffered with my back; a very weak feeling in my limbs."

"I felt hardly able to drag; just tired—so tired all the time."

"It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you.

Take Cardui.
